About ELMO Software

ELMO is The Complete AI Workforce Platform™. It unifies HR and Payroll on one connected data foundation and layers native AI to turn workforce data into insight and action. ELMO's mission is to get United Kingdom's workforce ready for what's next and supports the full employee lifecycle, from recruitment and onboarding to learning, performance, payroll and more.

Backed by ISO-certified security, local experts who guide change throughout the journey, ELMO helps mid-sized organisations build the foundation for AI-ready workforces of tomorrow.
